

Secondary Education Programme - an overview

DSUK's Secondary Education Programme (SEP) gives schools access to specialist knowledge and ongoing guidance to help improve outcomes for students with Down syndrome.

Why choose DSUK's Secondary Education Programme?

- Open to all secondary schools across the UK.
- Flexible delivery options to meet different schools' needs.
- Developed by professionals experienced in supporting students with Down syndrome throughout secondary school.

By signing up for free, you will get access to:

- Evidence-informed guidance to help adapt teaching and effectively support students.
- CPD accredited training for all school staff.
- Expert support throughout the year.
- Adapted resources to help students access the curriculum.
