

Your Task

Fill a page with pattern and colour. Experiment with colour and pattern and try to use as many different patterns as you can. You could use the colours that are associated with DSUK.

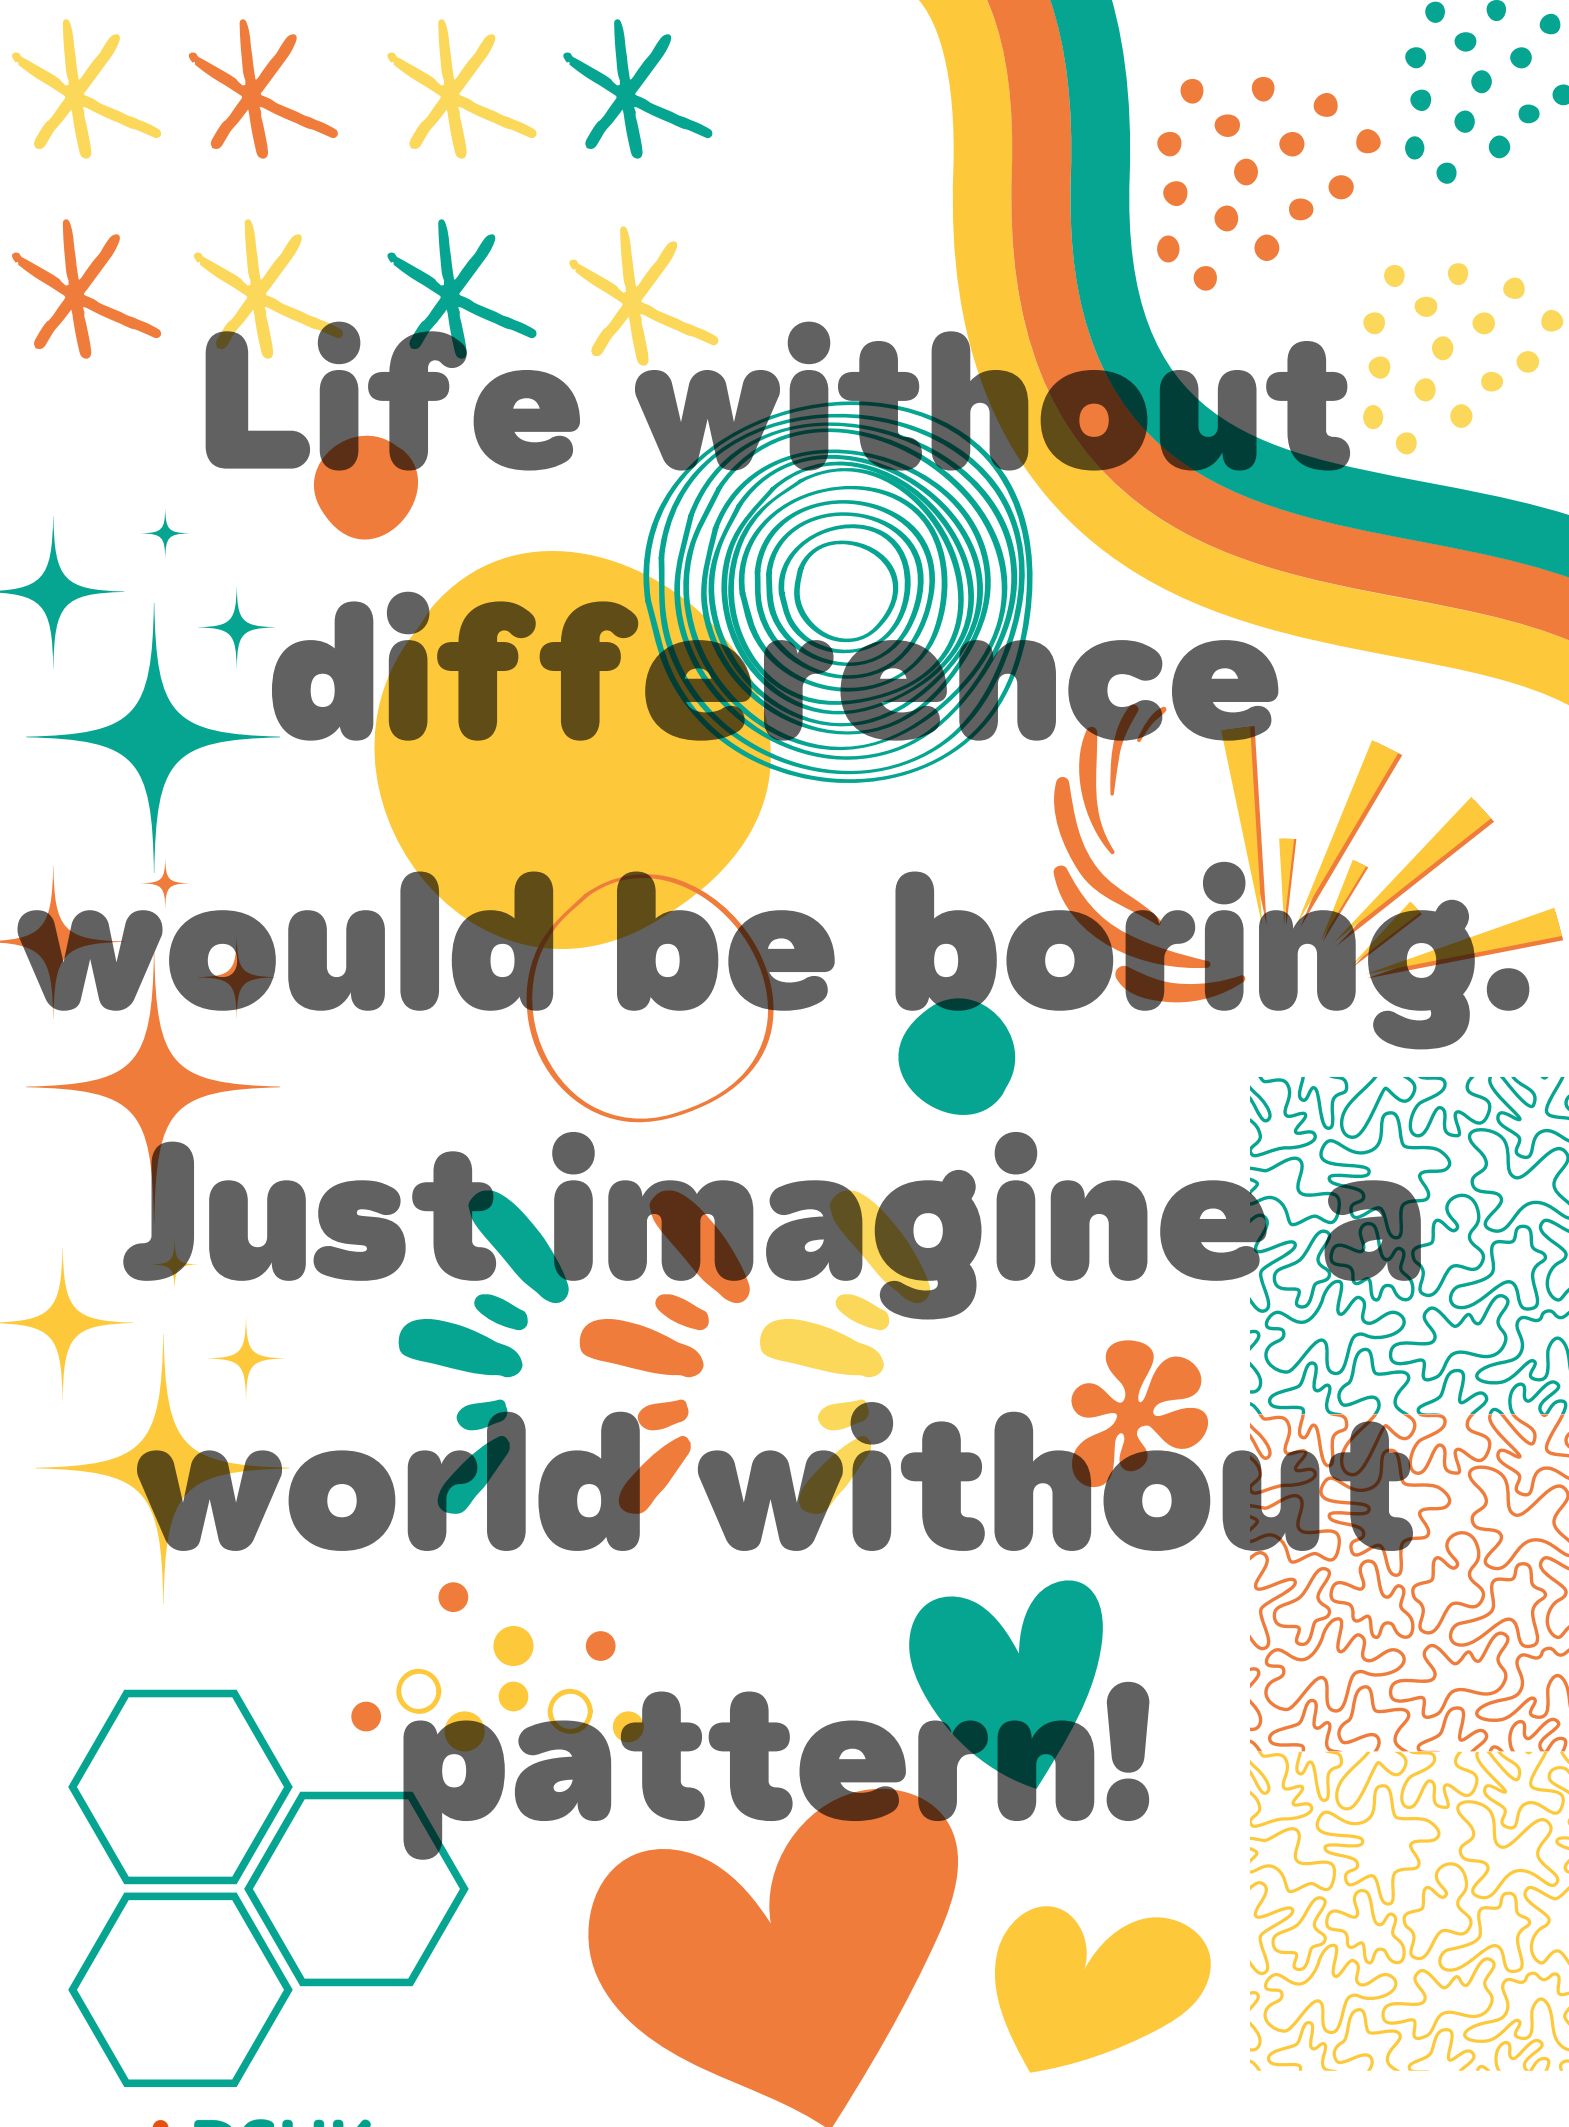

You might want to take your pencil for a walk around the page to split it into sections, or you could use a repeated pattern (perhaps by drawing around an object). Or you could just fill your page with pattern however you choose.

Once you are done, you could write some words over the top celebrating difference, diversity, acceptance and inclusion.

**Life without
difference
would be boring.
Just imagine a
world without
pattern!**

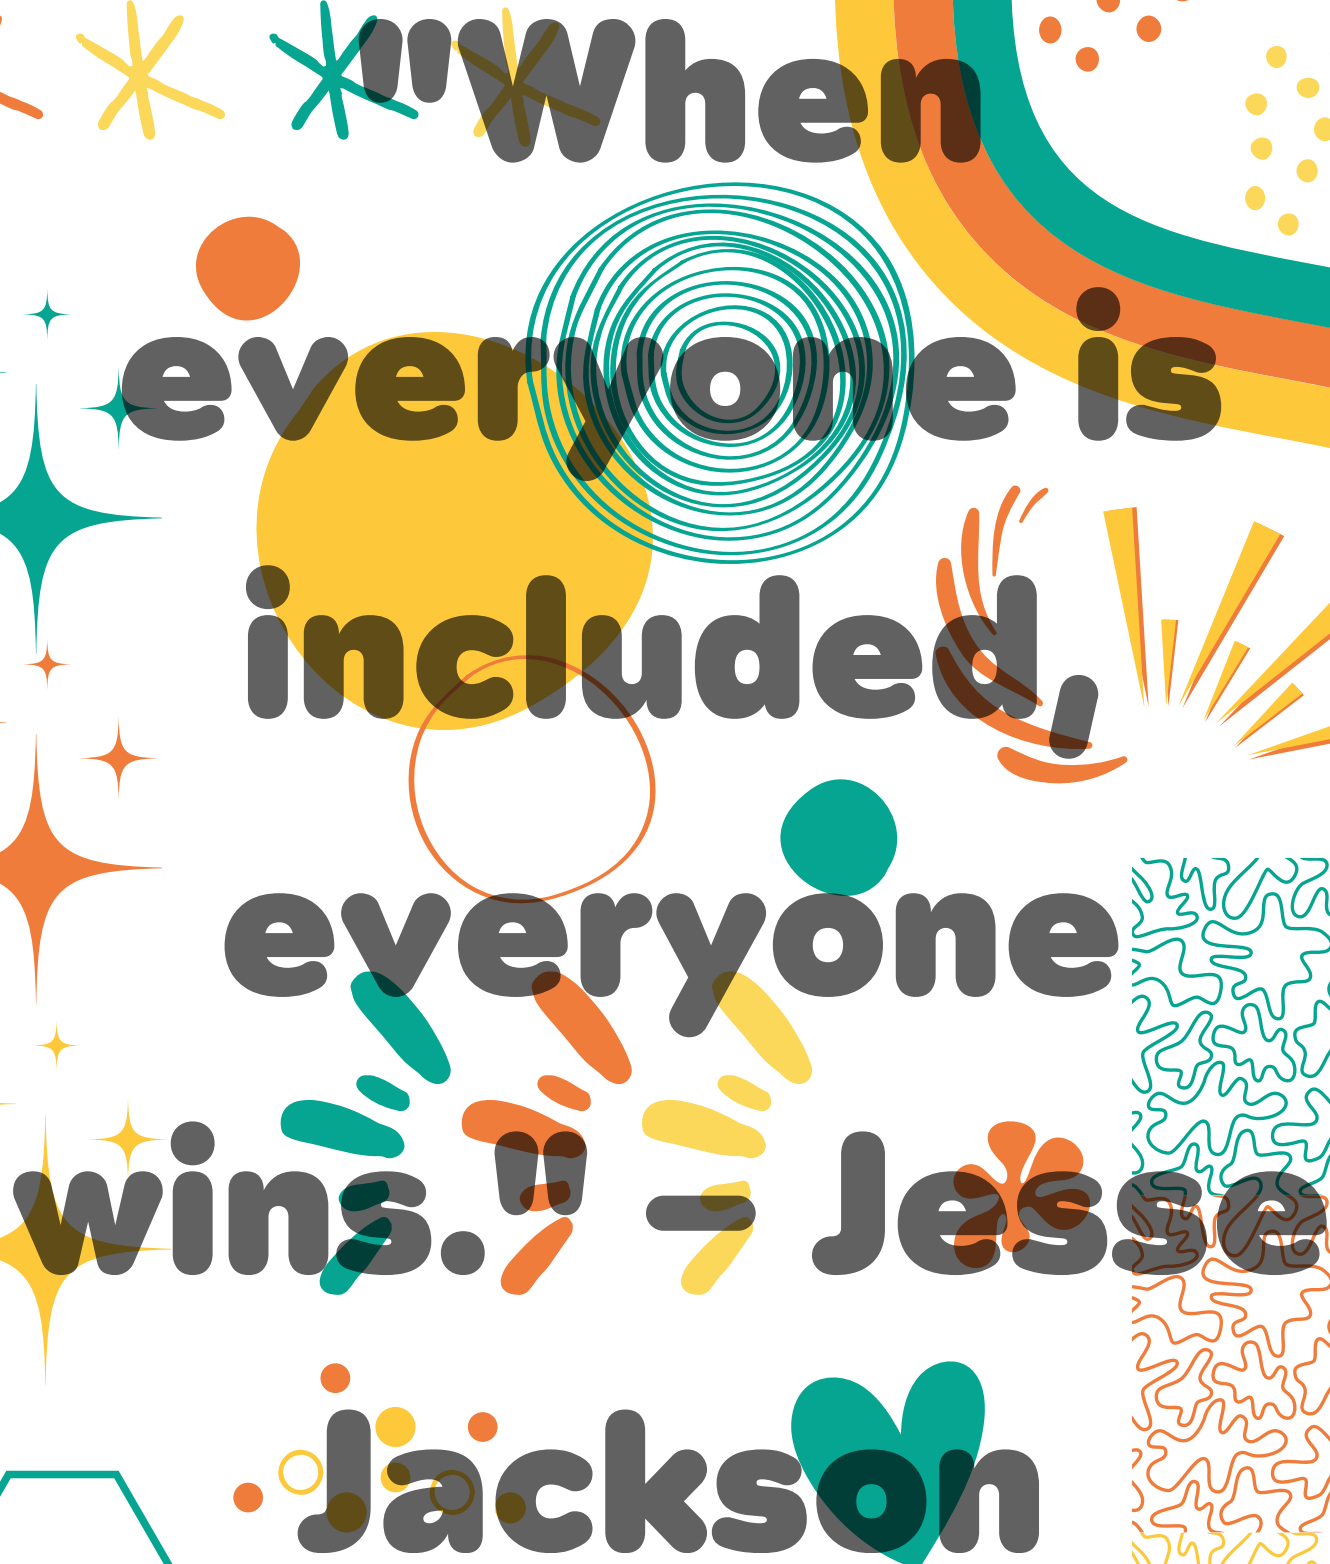

Be kind.

**Open your
mind.**

Together – not

apart.

**Open your
heart.**

"When everyone is included, everyone wins." – Jesse Jackson

**"We are all
different, which is
great because we
are all unique."**

**Without diversity,
life would be very
boring."**

-Catherine Pulsifer
